Gaining Qigong Teaching Mastery

The Qigong Teacher Training Program, established in 2016, involves a three level certification consisting of 300 hours including the practical application, history, philosophy and theories of Qigong. It generally takes students over two years to complete.

To receive a Level 3 Qigong teacher accreditation, successful completion of a Unit of Traditional Chinese Medicine (TCM) theory is required as well as practical and written assessments. Understanding the concepts and theory of TCM is an important step in the training to become a Qigong teacher. There are two further levels of attainment for teachers wishing to pursue Qigong Mastery.
